

A Small School with a Large Program for Small People with Large Potential

Merriday School Summer Program

Merriday School offers a 9-week summer program for all children ages 3-11. We understand summer can be a busy time with family vacations, etc., so we also offer some flexibility in our summer program. Parents may choose one week during the summer where you child will not attend Merriday School, and for that week only, there will be no obligation to pay. In order to give current families first preference and to schedule adequate staff coverage for our students, it is important that you complete and return this sheet no later than April 1, 2010. After that date, we will accept applications for the summer school program from families that do not attend during the academic year. Applications will only be accepted until the program is at full capacity.

The weekly fee for the summer school program is \$165 (\$1,485 for 9-weeks or \$1,320 for 8-weeks). This weekly fee is expected regardless of a child's absence due to illness, other activities, or vacation. Again, families are allowed one week off, without charge, so a minimum attendance of 8-weeks (\$1,320) is expected.

Please select each week that your child will attend Merriday School's summer program. Due to advance scheduling, you may not switch the week(s) that your child will attend, but you may add an additional week, should your plans change. Above all, please communicate any changes to us so that we are prepared to care for your child.
